# Team Building Experiences

Thinking of doing something fun and creative for your next team outing? Valley Art Center offers unique and creative ways for teams to enjoy shared social experiences centered around creating art! From clay to watercolor and everything in between, VAC can tailor your event to make your next outing a memorable, fun and community building experience for everyone on the team!

Several package offers are available to spark your team's creativity! If you have something specific in mind for your team, our VAC event manager will work with you to create a custom experience.

## Creative Core Team (for teams of 5 to 8):

Tap into the creativity of your team members while building connections together in a 2-hour private workshop in one of the following professional artists led experiences (pick one for entire team to enjoy):

- ❖ Clay Studio – Build a collaborative team piece for display in your office or make individual keepsakes such as clay ornaments or small dish/vase on the pottery wheel, but either way have fun getting messy together in the Clay Studio! Pieces will be bisque fired for pick up 3 weeks after the workshop. Additional glazing time can be purchased and scheduled for a future open studio or workshop session.
- ❖ Watercolor Painting – Enjoy learning the basics of watercolor painting from our professional art instructors and take home your masterpiece ready for framing!
- ❖ Alcohol Ink Painting – Learn how much fun and creative you can be with alcohol inks in this session with our awesome art instructor, and have an artwork to take home with you too!
- ❖ Pastel Painting – Getting messy with pastels is the key in this class! Learn the basics of pastel painting from our professional art instructors and take home your masterpiece and a desire to do it again!
- ❖ Acrylic Painting – With the help of expert instruction, paint your own canvas or create a colorful series for display in your office. Either way, acrylic painting will get your team's creative juices flowing!

**Pricing: \$50/person**

**Food & Beverage:** Beverages (including alcohol) can be brought in by the team to enjoy during their experience as long as they are in enclosed in individual containers (think water bottle) while in the clay studio. Food can be brought in by the team (separate room from clay studio) or VAC can provide recommendations for catering from local eateries such as

Hungry Bee, Yours Truly, Lemon Falls, and more. Teams should allow for additional set-up time and clean-up time in addition to their 2 hour workshop if food is part of the experience.

### **Artful Allies Group Team (for teams of 9 to 15):**

Bring the bigger team together for this 3-hour private experience in the art center working in two different mediums of your choice. Enjoy the camaraderie of your team while you spend 1 to 1.5 hours as a group learning from a professional art instructor in the medium of your choice then moving to a second medium of your choice and dabbling in that art medium for a second 1-1.5 hours. Add some food and drink in between or at the end to round out your total 3-hour experience (pick two for entire team to enjoy in two separate sessions):

- ❖ Clay Studio – Build a collaborative team piece for display in your office or make individual keepsakes such as clay ornaments or small dish/vase on the pottery wheel, but either way have fun getting messy together in the Clay Studio! Pieces will be bisque fired for pick up 3 weeks after the workshop. Additional glazing time can be purchased and scheduled for a future open studio or workshop session.

### **The Whole Collective (for teams of 16-30):**

Looking for a fantastic experience for the entire team? Bring the whole gang together for this 3-hour rotating experience for the most interactive and varied team experience around! This experience can be built in a structured way with half the team experiencing one medium while the other half the team dabbles in a different medium for 1 – 1.5 hrs, then they switch places. Or it can be more of a free-flowing experience where team members can float between two mediums at will throughout 3-hour time (room capacity may limit some

stations to 15 people at a time) learning at their own pace and spending time where they like. Regardless of the structure, this experience will be led by our professional art instructors and definitely full of fun! Add some food and drink in between or at the end to round out your total 3-hour experience (pick two for entire team to enjoy in two separate sessions or as a free flow structure):

- ❖ Clay Studio – Build a collaborative team piece for display in your office or make individual keepsakes on the pottery wheel, but either way have fun getting messy together in the Clay Studio!
